

THE VILLA

Presents

"Raising Glasses, Raising Hopes" Wine Tasting Event

Welcome to The Villa, located on the grounds formerly known as "Lindenwold," the estate of Dr. Richard Vanseelous Mattison (1851-1936).

The Villa resides on almost 50 acres in the heart of Ambler, Pennsylvania. For over 100 years, The Villa has provided services to a most vulnerable population: children and youth who have been separated from their families. Though the ages, cities of origin, and needs of these children have changed over the years, the need for a safe home away from home has not.

The Villa's mission is to restore hope and foster growth in children and families that we serve; we provide a nurturing, learning environment that emphasizes responsibility, dignity and the importance of family and community.

Currently, The Villa provides services to over 100 youth and families on campus through our residential, educational and outpatient services. Most of these youth and families have experienced significant traumas, losses and disruptions in life that are supporting them in overcoming.

Each year we are faced with the challenge of providing more services with fewer resources and this year is no different. We are fortunate to be part of community that provides on-going support through in-kind donations, volunteer services and private funding. Without that support, we would not exist and these youth and family would go without.

This year we are inviting the community to come and celebrate this beautiful campus with us through a Wine Tasting Event in our Sunken Garden. The event will be held on June 21, 2014 from 1:00pm-5:00pm at The Lindenwold Estate, located at 701 S. Bethlehem Pike, Ambler PA19002.

Would you be willing to donate either a gift certificate or merchandise from your business, or help us by sponsoring a table at this event?
